Is To Be Established Through Efforts of King's Daughters—Membership to Be Increased.

At the regular meeting of the King's Daughters Friday afternoon, it was decided to increase the membership and broaden the field of work. It is proposed to organize a circle of King's Daughters in every church in the city, and to concentrate their future efforts toward the establishment of the nucleus of a fund for a hospital for Winchester.

MRS. H. H. PHILLIPS' DELICIOUS CANDIES

Are Now on Sale in Half Pound, Pound and Three Pound Boxes.—Phillips' Drug Store Has Agency.

In a small way another industry has been started in this city and the prospects are that it will grow to be much larger in the near future.

For several years, Mrs. H. H. Phillips has been making candy for sale. Each year the demand for it has grown until nearly every store in the city is now handling it. This week Mrs. Phillips started the making of fancy candy which is put up in boxes in sizes of half pound, pound and three-pound sizes. It is on the order of the Lowmyer make and is made of the purest ingredients. The Phillips drug store has the agency for the box candy and is selling it almost as fast as it is made.

INTERCOLLEGIATE ATHLETIC ASSOCIATION

LEXINGTON, Ky., Dec. 10.—The annual meeting of the Kentucky Intercollegiate Athletic Association will be held Friday at the Phoenix Hotel, and will be attended by the six universities and colleges composing the organization.

State University will be represented by Prof. A. M. Wilson, as Prof. A. M. Miller, chairman of the faculty committee, is in Birmingham attending the meeting of the Southern Association.

Besides State University, representatives from Central, Transylvania, Berea, Kentucky Wesleyan and Georgetown will be present. It is understood that the charges recently preferred against Central University players will not be pressed, but State University will probably present several important measures for the consideration of the body.

RECOMMENDS AEROPLANES

Secretary Dickinson Favors Flying Machine to Be Used For Military Purposes.

WASHINGTON, Dec. 10.—As might have been expected after his personal flight in aeroplanes in France, Secretary Dickinson comes out in his annual report with a strong endorsement of the flying machine and with a recommendation to Congress for an appropriation to provide the Signal Corps with a reasonable number of the better type of machine for instruction purposes and field work.

He recalls the fact that the United States was the first nation officially to recognize the aeroplane for military purposes and conducted at Fort Myer in 1908 the first public flight of a heavier than air machine, yet it has since that date made no addition to its aeronautical equipment, which at present consist of one small dirigible balloon, one Wright aeroplane and three small captive balloons.

Nor has it added to its trained personnel, which at present consists of the Signal Corps, Lieutenant and nine enlisted men, on duty in connection with aeroplanes. There is only one officer who is a licensed pilot for free balloons.

The Secretary calls attention to the fact that the entrance to Chesapeake Bay, one of the most important points strategically on the Atlantic sea coast is wholly unfortified, not a single gun being mounted to defend the channel

between Cape Charles and Cape Henry.

At anchor important point—the eastern entrance to Long Island Sound—additional guns are needed. Except for these instances, so far as guns alone are concerned, the sea coast defenses at all home ports are in a very satisfactory state, but much remains to be done in providing such auxiliaries as search lights and in developing the fire control system, which will require about \$4,000,000 of expenditure.

Congress is asked to authorize an expenditure of \$19,546,843 for the fortification of the termini of the Panama Canal, including the construction of posts for the permanent garrison, and \$7,000,000 of this sum should be made available immediately in order to complete the project within three years. The additional sum of \$2,000,000 is also wanted immediately to be applied towards the creation of naval establishments in the Canal Zone as a necessary part of the defense of the canal.

OFFICE BUILDING

SPRINGS A LEAK

Gutter Had Become Stopped Up With Snow Which Began Pouring in Through the Roof.

Business had to be almost suspended Saturday morning in the office of the Blue Grass Realty Company on account of a leak in the roof of the building.

A gutter leading from the building had become stopped up with snow and ice backing the water on the roof. The water soon reached a defective spot and began pouring into the office and it was necessary to move the furniture and fixtures to a dry spot in the room. The timers were sent for and in an hour had the leak stopped and business was resumed.

SEARCHING FOR LOST ORANGES

Bill of Lading Has Arrived But Nothing Has Been Heard of the Fruit.

Several weeks since Mr. Vic Bloomfield had shipped from his orange grove in Florida 50 boxes of oranges which he had sold to the fruit dealers in this city for the Christmas trade. The bill of lading arrived last week, but nothing has been heard of the oranges. Tracers have been out for several days and it is probable that the oranges have been lost and will not arrive in time for the holidays.

REFUSED FINE PAIR OF HORSES

Mrs. Mary Baker Eddy is Quoted as Saying That They Were "Devils Sent to Kill Her."

LEXINGTON, Ky., Dec. 10.—Mrs. Mary Baker Eddy would not accept the finest pair of carriage horses in America. She said when she looked the pair over:

"They are a pair of devils sent to kill me."

The team she referred to had been selected by J. M. Osborne, of Paris, Ky., a horseman of long experience who had been instructed to buy the best team of carriage horses in the United States.

Mrs. Eddy made the expression quoted in a letter to T. L. L. Temple, of Texarkana, Ark., who had sent her the team as a gift.

The horses were bought in Lexington and were the noted blue ribbon winners, Tattersall and Eckersall, sometimes called during their career of exhibitions as Tattersall and mate.

They cost Mr. Temple \$10,000 and Mr. Osborne spent a month in looking over teams in different parts of the country before finally closing the deal for them. Besides, he accompanied the horses to the home of Mrs. Eddy say that they were properly stabled and tried to persuade her to ride behind them, but did not succeed. The team remained in her stables only a few days, when she had them shipped back to the donor, and Mr. Temple is now using them to his carriage.

He says that while they live he will never crave an automobile.

ITALIAN BOY IS XIDNAPPED

Rescue Effected By Police After Father Had Received Two Letters Demanding Ransom.

NEW YORK, Dec. 10.—"They told me I was in Chicago," said Guiseppe Longo 8 years old, when the police led him to freedom Thursday from the tenement room where he had been locked a prisoner by kidnapers.

Among the scores of children stolen by lawless Italians, his is said to be the only New York case on record in which the police have effected a recovery. Others have been returned to their parents, but not by the agency of the police, owing to fears of revenge.

The boy found Thursday was traced by the aid of another child, whose brother is also held for ransom. The police learned that Guiseppe was a prisoner in an East side tenement. They searched the corridors and listened at transoms.

At the door of a rear room they heard a child crying. The little guide was lifted up and peered over the transom. "That's him," he whispered excitedly, and the police broke in the door.

Guarding the child were two men and in the same room were two other children, a boy and a girl, whom he only knew by their first names. The police think they also may have been kidnaped. The two men on guard were arrested, as were five other Italians, among them a woman.

Guiseppe's father is a well-to-do Brooklyn grocer. Since he disappeared on November 19 the father received two letters demanding money, the first asking \$10,000 and the second \$15,000.

CHARRED BODY IS DISCOVERED

Big Iron Shackles were Holding the Legs, and Victim is Thought to be Ex-Convict.

NORFOLK, Va., December 10.—With big iron shackles holding the legs, the charred body of a supposed escaped convict was found in the dying embers of a camp fire near Archmont, the residential suburb of Norfolk, Thursday.

The body is supposed to be that of some fugitive who, becoming tired after eluding the authorities, started a fire in the country, lay down to sleep and then his clothing caught fire.

Being handicapped by his shackled limbs, the man was unable to fight the flames.

JUDGE HALBERT TO TRY CASES

Judge Stout, Who Has been Confined to His Room since last Saturday, IS No Better.

PARIS, Ky., December 10.—Judge W. C. Halbert of Veniceburg probably will try the Breathitt county murder cases which are docketed for trial Monday in the Bourbon Circuit court.

Special Judge J. C. Carter, of Monroe county, who has been conducting the court since the illness of Judge Robert Lee Stout, practically concluded Friday all the business pending that could be disposed of and left on the afternoon train for Louisville, so that he could be at Tompkinsville by Monday, when he will convene the Monroe Circuit court.

Judge Stout, who has been confined to his room since Saturday with an attack of grippe, continues quite ill and was not as well Friday as on Thursday. Judge Stout has had considerable fever, and while his ailment is not considered of a dangerous nature, he is, and has been, a very sick man.

Dr. J. T. Vansant, his attending physician, visits his bedside daily at the home of the Misses Williams on Pleasant street, where Judge and Mrs. Stout have been guests since the convening of court, and says that it will be at least a week or ten days

before Judge Stout will be able to leave his room.

Circuit Clerk William H. Webb communicated with Governor Willson Friday afternoon, when it became known that Judge Stout would not be able to leave his room, and was informed that Judge Halbert had been designated as special judge to continue the term of court.

Governor Willson said, however, that he had received no word from Judge Halbert and would endeavor to hear from him by long distance telephone. Special Elisors Adam Stacey, who was sent to Breathitt county; William Stacey, who went to Magoffin county; and Ed Callahan, who is in Boyd county, armed with subpoenas, are expected to line up a number of valuable witnesses for the Commonwealth and it is expected that everything will be in readiness Monday when the cases are called for trial.

TAFT CONSULTS WITH CABINET

Called a Special Meeting to Go Over the Supreme Court Situation—Harmon at White House.

WASHINGTON, Dec. 10.—President Taft called a special meeting of his cabinet late Thursday to go over the Supreme Court situation. The list of likely appointees is narrowing rapidly but it was said Thursday night that Mr. Taft had not reported a conclusion and probably will not until next Monday or Tuesday.

Mr. Taft has consulted with more than fifty persons regarding the forthcoming appointments.

The present leaders, with the exception of Senator LaFollette, who has declined to go to the White House, have been quite conspicuous in the more recent conference. Senators Cummins of Iowa, and Borah of Idaho, were with the President again Thursday night.

The regular wing of the party was represented in late afternoon conference by Senators Lodge of Massachusetts, and Flint of California. Senator Nelson, of Minnesota, also saw the president.

Governor Judson Harmon of Ohio, called at the White House Thursday to pay his respects to President Taft. He stopped only a few moments.

Both he and the President seemed to enjoy the visit. Governor Harmon was greeted most cordially. Two stories of the campaign were exchanged, but neither story was divulged.

When Governor Harmon visited the White House during the conference of Governors last year, he was asked if he liked the looks of the place. His reply at that time was that a man should always consult his wife before taking a lease on any place of abode.

Thursday the Governor declared that the nice white paint and the subdued green walls of the executive office were quite attractive.

RENDERS VERDICT FOR PLAINTIFF

In Case of Mr. George Hunt vs. Dr. H. C. Hart, Which Grew Out of a Deal in Hogs.

In Police Court Saturday morning Judge F. P. Pendleton tried the case of Mr. George Hunt vs. Dr. H. C. Hart and rendered a verdict in favor of the plaintiff. The suit was for \$56.70 the purchase price of some meat hogs which the defendant purchased of the plaintiff and refused to pay for, alleging that they were not as represented.

DEATHS AND FUNERALS

Mrs. Al. Anderson. Mrs. Al. Anderson died at her home in Mt. Sterling Thursday of cancer of the stomach.

Mrs. Anderson is the mother-in-law of Mrs. Joe Anderson, who was formerly Miss Nancy Nelson of this city.

Miss Willie Mae Nelson went to Mt. Sterling Saturday to attend the funeral.

FIRST TO BOOM CHAMP CLARK

Kentucky Democrats Take Initial Step By Formally Endorsing Him For Office of Speakership.

WASHINGTON, Dec. 10.—The first State delegation to boom Hon. Champ Clark, of Missouri, present minority leader, for the Speakership of the next Congress was launched Friday when the Kentucky Democrats formally endorsed him for the office.

Friends of Champ Clark say his election to Speakership of the next House is assured and that there is no other candidate in the field and no real opposition. They say Mr. Clark had already received positive pledges from 175 Democratic Representatives and more or less equivocal ones from 25 others, and that, of the remaining Democrats in the total of 227 in the next Democratic Congress, virtually all of them are expected to rally to Clark.

Ollie M. James presided at Friday's meeting of the Kentucky delegation and the others present were Congressmen Stanley, Thomas, Johnson and Cantrill, with proxies from two of the others and one member unheard from.

Messrs. Sherley and Helm, the former an active candidate to the chairmanship of the Appropriations Committee, remained away from the meeting.

The delegation, in endorsing Mr. Clark for Speaker and former Congressman South Trimble for Clerk of the House, adopted the following resolutions:

Resolution Endorsing Clark.

"Whereas, the Hon. Champ Clark by virtue of his long experience as a Representative in Congress, by his distinguished services as leader of the minority, by his able and attractive defense of the principles of his party; by his tact, his patience, his consummate knowledge of human nature rare courage and conservatism, has done much to bring about perfect union in his party, which in such striking contrast at the present time with the confusion and disorganization of our political opponents, we are firmly convinced that he is in every way eminently suited for the high and responsible position devolving upon the Speaker of the House and Representatives in the 62nd Congress.

"Therefore, be it resolved, that we endorse said Champ Clark for the position of Speaker in the sixty-second Congress and agree to use every honorable means to secure his election."

SMITH ANSWERS WOODROW WILSON

Governor-Elect Makes No Comment on Statement Issued on the Senatorial Situation.

NEWARK, N. J., Dec. 10.—Former United States Senator James Smith Jr., made a statement Friday in answer to Governor-elect Woodrow Wilson's open letter Thursday, in which Dr. Wilson urged the nomination of James E. Martine for United States Senator to succeed Senator Kean. Mr. Smith says:

"I have read Governor-elect Wilson's statement on the United States senatorial situation. It is a gratuitous attack upon one who has befriended him, but whose candidacy has not been announced, and it is an unwarranted attempt to coerce the legislature.

"The Governor-elect knew that I had not reached a decision in this matter and that he saw fit to make the uncalculated reference to me deprives his act of that fine courtesy which should control not only Southern gentlemen but the conduct of all gentlemen. Gratitude was not expected of him, but fairness was, and his act denies it."

CHAIRMAN AGAINST WILSON

NEWARK, N. J., December 10.—James B. Nugent, Chairman of the New Jersey Democratic State Committee, made this statement Friday: "Governor-elect Wilson's statement has amazed me. The duty of our party embraces many issues. The choice of a United States Senator is one, but not the most important. Every well wisher of the party will deplore dissension that will weaken

us. Dr. Wilson's act is certainly ill advised."

Governor-elect Woodrow Wilson said Friday night that he had no comment to make on the statement issued by former United States Senator James Smith, Jr., bearing upon the United States senatorial situation in New Jersey.

MARRIED TO MILLIONAIRE

Information Comes From Menominee, Mich., That Former Floridiana Girl is Wedded.

ST. PAUL, Minn., Dec. 10.—According to information from Menominee, Mich., the Nan Martin, of Washington, D. C., who was married in St. Paul on October 24 to Sumner Prescott, of Menominee, a wealthy lumber man, is none other than Nan Patterson, the former Floridiana girl, who was three times tried for the murder of Caesar Young.

The license was issued to Nan E. Martin, of Washington, D. C., and Sumner Prescott, of Menominee, Mich.

Captain Prescott's friends say positively that his bride is Nan Patterson.

Prescott was married by Court Commissioner Dalrich, and no one in St. Paul recognized the name of the bride as the New York sensation center. Since the marriage Mr. Prescott has sold out his interest in the Prescott Company, and the two have gone to Seattle to make their home.

Prescott disappeared last summer, and while he was gone a receiver was placed in charge of his affairs which were found to be in excellent shape. When he returned he threw the receiver out of the plant, saying he had merely been on a pleasure trip, and resumed his place in the company's affairs.

GREAVES GETS LIFE SENTENCE

In Plea Before the Jury He Began That He Be Put to Death or Given Freedom.

ST. LOUIS, Dec. 10.—Life imprisonment was the verdict in the case of Austin Greaves, who conducted his own defense in the Circuit Court here Thursday on the charge of first degree murder in killing his neighbor, Alfred Hunter, about four months ago. Greaves will ask for a new trial.

Greaves brought his remarkable defense to a close Thursday in the trial for his life when he placed his children, Goldie, aged 12, and John, aged 9 on the witness stand and drew from them by his questions the story of the neighborhood persecution which he is seeking to show caused him to kill Alfred H. Hunter. The children testified they heard Hunter threaten their father.

Greaves took the stand in his own defense Thursday afternoon, despite the fact that the direct testimony had been closed.

Greaves pleaded with the jury for nearly a half hour, either to acquit or sentence him to hang.

"Don't send me to the penitentiary gentlemen," the prisoner urged the jury in so low a tone that not all of them could hear him. "If you find me guilty of having deliberately and maliciously killed Alfred Hunter, I want death. If you have found reasonable doubt, I want you to acquit me, as the judge has told you to do."

TEACHERS RECEIVE THEIR SALARIES

Check Arrives Friday Morning For Two Months' Salary—Amounts to \$4,678.84.

The teachers of the county schools were not disappointed when they went to the office of Superintendent J. E. Lanter Saturday morning to get their checks for the past two months' salary. Friday the check from the State Superintendent had not arrived and as it has been delayed for several days on different occasions, it was feared that it would not arrive on time this month. The check arrived Saturday morning and amounted to \$4,678.84.

PRICES TO BE INVESTIGATED

Attorney Huffaker Will Probably Place a Statement Before the Present Grand Jury.

LOUISVILLE, Ky., Dec. 10.—Commonwealth Attorney Joseph Huffaker is of the opinion that it will be possible for him to place before the present grand jury a statement of the case of the people against the alleged coal combine which is declared to have arbitrarily shot up the price of fuel 25 cents a ton with the coming of the frigid snap.

The attention of several dealers was called to the fact that the same grades of coal were selling in New Albany from 75 cents to \$1.25 a ton cheaper despite the added freight and bridge tolls.

The consensus of opinion among railroad men seems to be that the retail coal men are making from 50 cents to \$1 a ton net on coal at the present prices. The opinion is general all over the city, outside of the Louisville Coal Exchange circle, that the dealers have banded together and arbitrarily advanced the price because the cold weather forces people to use coal.

Alderman Ben Brumleve will introduce a resolution at the next meeting of the General Council urging the grand jury to investigate the advance in the price of coal.

SUIT GROWS OUT OF HORSE TRADE

Plaintiffs Alleges That After He Had Purchased the Animal, it Turned Out to Be Other Than Represented.

After adjournment since Wednesday the Clark Circuit Court again convened Saturday morning and was in session all day. The suit of Fielder vs. Hodgkin was the first called and most of the day was taken up in hearing testimony in this case. The suit grew out of a horse trade and the plaintiff alleges that after he purchased the horse from defendant and took it home it turned out to be other than represented and asks for damages. The grand jury which adjourned Tuesday will be in session again Monday morning.

FILES PETITION IN BANKRUPTCY

Doors of Mr. Frank Hensley's Store is Closed—Liabilities Placed at \$3,000; Assets \$2,300.

Petition in bankruptcy was filed by Mr. Frank Hensley who conducts a five and ten-cent store in the Kerr building on Main street and Saturday morning the store was closed.

The assets are given at \$2,300, with liabilities amounting to \$3,000. Pendleton, Bush & Bush, attorneys, represent Mr. Hensley and a meeting of the creditors will be held in their offices in about ten days.

DEATH TO BE INVESTIGATED

YOUNGSTOWN, Ohio, Dec. 9.—The investigation of Dr. Harry A. March, Coroner of Stark county, into the death of Walter Young, who died at the Massillon Hospital for the Insane from the effects of a scalding shower bath, was started here Thursday.

The statement is made by him that Young's shower bath may have been the result of a patient at the asylum turning on the hot water while the attendants were being changed at midnight Sunday.

Dr. March declared that he would hold a Coroner's investigation putting it up to the Governor for a further inquiry.

LOOKS LIKE GRAFT.

A recent communication from Louisville says that Mrs. Addie O. Martin, former night matron at the Kentucky State Penitentiary in an interview said that she had paid \$200 in political assessments in a period extending from January 1907, to November, 1909. She would like to have her money back, she says, and has placed her claim in the hands of an attorney for collection.

Mrs. Martin, who is at present housekeeper at the Willard Hotel was discharged as Night Matron of the State Penitentiary last July after a tilt with one of the Prison Commissioners. She had served there as Matron since June, 1900.

She claims that in January 1907, she paid \$25, and in February of the same year \$25 more. In November, 1909, the former matron states, she paid an assessment of \$50, and on two other dates between February 1907, and November, 1909, the sum of \$100, or \$50 at a time.

Mrs. Martin says she wrote to the Prison Commissioners asking them to refund the money that she had paid out in assessments since January 1907, which was \$200, but no attention was paid to her request. She then put the case in the hands of Attorney Morgan Chinn, she says, but has heard nothing from him.

The former matron says that usually there are from 50 to 60 guards employed at the penitentiary, matrons and attendants being classed as guards, and that all of them were assessed as she was. Nothing was ever said by the prison officials, according to Mrs. Martin, about any assessments being levied as far as she knew, but that in some mysterious way one of the guards would come around with a paper and the employees would put down their names all for a like amount, having previously learned in some manner the amount they were expected to give.

This looks bad to us, but it may be that we are not up to the latest ethics in politics.

We don't have to raise tobacco. Nothing would be better for our prosperity than for not a single tobacco bed to be sown in 1911.

There is no class for whom we have greater respect than policemen. We have never asked a question of a policeman but we got a courteous answer, and if he could not give us the information desired, he put us in a way to get it.

A NOBLE RECORD

Of many hundreds of thousands of cures forms a well sustained basis for every claim put forth by the makers of DR. PIERCE'S GOLDEN MEDICAL DISCOVERY as a remedy for many of the troublesome affections which afflict mankind; yet it is not extolled as a "cure-all" by any means. No extravagant promises are flaunted before the public to arouse false hopes in the afflicted. Your neighbors probably know of some of its many cures; ask them.

Through strengthening and arousing the stomach, liver and bowels into vigorous action, digestion is promoted, whereby the blood is enriched and purified, disease-producing bacteria destroyed and expelled from the body, and thus a long list of skin, scrofulous and kindred affections are overcome and sound, vigorous health established.

The "Discovery" contains no alcohol and no habit-forming drugs, and has its every ingredient printed on its wrappers. This OPEN PUBLICITY places it in a class distinct from the ordinary secret nostrums with which it has no relationship. Physicians, therefore, do not hesitate to prescribe it in bad cases of indigestion, torpid liver or biliousness and in skin and blood affections. People of intelligence and keen discernment employ it. The "Discovery" is a pure glyceric extract of native medicinal roots of great curative potency, and can in no case do harm to either child or adult. The aged find it a great invigorator.

You can learn more about this time proven and popular "Discovery" from the People's Common Sense Medical Adviser, by Dr. R. V. Pierce, a newly revised, up-to-date edition of which is now offered, in cloth covers, post-paid, for 31 cents in one-cent stamps, to cover cost of mailing only; or in paper covers 21 cents. VITAL STATISTICS

TO BE GATHERED

Kentucky Organizes Important Bureau Under New Law and Will Keep Mortality Records—Plans to Safeguard Health.

BOWLING GREEN, Ky., Nov. 30—Active preparations are being made here for the operation of the Bureau of Vital Statistics law, which goes into effect Jan. 1, 1911. This law provides for the reporting and recording of all births and deaths and the collection of morbidity statistics. It is a department of the State Board of Health and is one far-reaching in its importance to the welfare and lives of the people of Kentucky.

Kentucky has placed herself in the front rank of States doing most for the preservation of health and in the establishment of a Bureau of Vital Statistics she is the first of the entire south to take this long-neglected step.

Ohio, Massachusetts, Indiana, Pennsylvania, Wisconsin, Maryland, California and nine other States have in successful operation such a department for the permanent maintenance of records of births and for a more successful fight against the ravages of disease, by means of the certificates of deaths returned to the State Office.

The State Registrar, Dr. W. L. Heizer, who will inaugurate and manage the Bureau of Vital Statistics, has just returned from an extended visit in Ohio, Michigan and Pennsylvania and Washington, D. C., where he studied the operation of the law in those States which are declared by Dr. Cressy L. Wilbur, chief statistician of the Federal Government to be the best in operation in the United States.

Kentucky's Bureau will be a combination of the best features of these States with some suggestions of the Census Department added.

Under this law, before a body is buried, the undertaker must procure a burial or removal permit, which shall be issued only by the Local Registrar, who will be placed at convenient localities. This permit can be secured only when a certificate of death has been filled out by the physician, and in the event the person has died of an infectious or communicable disease, smallpox, cholera, diphtheria, scarlet fever, erysipelas, before a burial permit is issued the body must be so prepared for burial that there is no danger of a spread of the disease in the community.

This not only safeguards the public, but by means of these reports of deaths coming in from all over the State, properly tabulated and classified, the State Board of Health is able to learn the infected districts and spots that need cleaning up. Through its sanitary inspectors and engineers,

We sell first-class goods at less than half what you pay elsewhere. We have determined to introduce our products to the American public, and are willing to give you the benefit of our foresight and advertising methods. We simply want to prove the worth of our goods and to make a steady customer of you. Your trial order will do more to prove the value of our goods than all the advertising or letter writing we could do.

RELIABILITY.

As to our reliability, go to your banker, and have him look us up in Dun or Bradstreet Mercantile Agencies, and he will tell you of our high standing, or have your Express Agent write any Express Agent in Cincinnati, and see how well we stand. You can be assured that we will do exactly as we say, and that you will receive the best of treatment at our hands.

TESTIMONIALS.

Below we reproduce testimonials from a few of our steady customers. We have hundreds more, but selected these because they were from men who are known all over this country. Our goods please them. Don't you think they are worth a trial by you?

Cliff Gordon, the "German Senator," the actor manager who has made the world laugh, says: "Have never had better liquors or at better prices. I carry them every where with me."

Bobby North, one of the stars of the Follies of 1910, says: "I don't believe I ever had such good whiskey as your Private Stock. How can you sell it for the price."

Al. H. Woods, one of America's most famous Theatrical Managers, says: "Enter my standing order for one gallon of whiskey and one of Swedish Punch each month I propose to be a steady customer."

You will note that we have listed a number of standard wines and liquors in our order blank. They are, one and all, liquors that are fit to grace the sideboard of any home in America. We want to call your especial attention to our famous "SWEDISH PUNCH." This is one of the best holiday liquors that has appeared in years; it is made from a recipe that has been handed down from generation to generation by the Royal Family of Sweden, and is now, for the first time, put upon the American market. Too much can not be said for it.

dinner to the poor. Now as Christmas is near at hand we are making preparation to give a free Christmas dinner to all of Winchester's worthy poor.

There is no doubt in our minds but what there will be many a child without a Christmas dinner or even a toy to brighten its heart on this day, unless someone spends their day in this way. We are, however, preparing to spend our funds in this way by giving a dinner to all the poor of this city. We therefore ask the co-operation of all the citizens of Winchester to aid us in this undertaking. In a few days our street kettles will

be out and we certainly hope none will pass them by.

NO DYSPEPSIA OR
STOMACH DISTRESS

Settles Your Out-of-Order Stomach and Ends All Indigestion Five Minutes Later.

There would not be a case of indigestion here if readers who are subject to Stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapepsin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sourst, acid stomach in five minutes, besides overcoming all foul, Nauseous odors from the breath.

Ask your pharmacist to show you the formula, plainly printed on each 50-cent case of Pape's Diapepsin, then you will readily understand why this promptly cures indigestion and removes such symptoms as Heartburn, a feeling like a lump of lead in the stomach, Belching of Gas and Eructations of undigested food, water brash, Nausea, Headache, Biliaryness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach liver and intestines clean and fresh.

If your Stomach is sour and full of gas, or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from Stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and besides, one case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Diapepsin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.

ABLE TO BE OUT.

ITALIAN GIRL SUES DOCTOR

Says Broken Limb Was Set in Such a Way That Now Her Toes Turn In.

ANN ARBOR, Mich., Dec. 10.—Miss Florence Ben-Oliel, who, according to the genealogy of her family, is a lineal descendant of King David, has begun suit in Detroit against Dr. Cyrenus Darling, of the University of Michigan, who set her broken leg, her "pride and comfort," as she says in Court, in such a manner as to make her toes turn inward. Dr. Darling, she charges, refused to rectify the error, so she employed another surgeon to break the leg and reset it. She produced photographs in court showing the improper contour of her leg after Dr. Darling had set it, and asks damages of \$1,800.

Miss Ben-Oliel is a cultured Jewess, daughter of a missionary in Jerusalem. The Ben-Oliel family has been converted to Christianity. She is a lecturer on Emmanism, having taught the doctrine all over the world.

MUST PROTECT THEIR SURPLUS

In Future All Kentucky Banks Must Comply With Statutes, According to Ruling Announced By Bruner.

FRANKFORT, Ky., Dec. 10.—In the future all banks in Kentucky must comply with the statutes requiring them to create and preserve their surplus as prescribed by law. Secretary of State Bruner Thursday announced this ruling, after receiving from Attorney-General Breathitt a written opinion upholding him in this ruling.

Bruner holds that each bank must comply with the law in setting aside one-tenth of its net earnings to create a surplus equal to one-fifth of its capital stock, before any dividends are declared. He also rules that after the surplus is created by law, the bank must keep the surplus unimpaired before dividends are declared.

In other words, if a bank by any kind of loss impairs its surplus, then the surplus equal to one-fifth of the capital stock must be recreated before any dividends are declared, and that the bank will not be permitted, as was the case when the original surplus was created, by putting up one-tenth of its net earnings before declaring dividends. He says this ruling became imperative because a few of the Kentucky banks are using their surplus to pay dividends and replacing the surplus with one-tenth of the net earnings.
